

1st April 2022

Dear Customer,

**RE: Plastic Packaging Tax**

On the 1. of April 2022 a new tax will come into force in the UK - the Plastic Packaging Tax.

Any company producing or importing over 10 tonnes of plastic packaging will need to declare the amount of plastic packaging they have handled. The tax of £200 per tonne will be due on any plastic packaging that does not contain at least 30% recycled content or is not otherwise exempt.

Please be informed that Plastristribution will settle, directly or indirectly, the liability for the packaging of the product (for example 25kg plastic bags).

**Plastristribution is not responsible for the PPT liability on the product itself.**
